Absolute Title's Matthew Neuman Honored with 2022 Business Excellence Award

Bedford, N.H. (October 11, 2022) – Matthew Neuman, managing member of [Absolute Title](#), was recently awarded the 2022 Business Excellence Award in the Financial Services category for small organizations from NH Business Review. The annual Business Excellence awards recognize the imagination, industriousness, innovation and achievements of New Hampshire business people.

Neuman will be honored at the annual Business Excellence Awards ceremony on Thursday, October 13, 2022, at the Grappone Conference Center in Concord. This year marks the 20th anniversary of the awards program.

Neuman was recognized for his industriousness and his innovative approaches to the home buying process. Neuman and his team have always prided themselves in providing superior customer service as they help buyers navigate through one of the largest purchases of their lifetimes. Neuman recently unveiled two industry innovations that have made the homebuying process more convenient for the buyer, his patented software platform AbsolutePay and his fleet of mobile closing vehicles. AbsolutePay allows buyers to safely, electronically transfer their funds from the bank to the closing table, without the need to acquire a bank check or wire transfer, pay the associated feed, or needlessly travel. The platform launched in 2018 but the full scale of its utility was realized during the pandemic when banks operated via appointment-only, or closed entirely. In the final days of September 2022, the platform surpassed \$200 million in funds processed. In addition to having three brick and mortar offices throughout the state, Absolute Title also maintains a fleet of two mobile closing vehicles (MCVs) and the Mobile Closing Command Center that allow the company to conduct closings in parking lots and

driveways, by a lake or on top of a mountain – essentially anywhere in New Hampshire, Maine and Massachusetts. The mobile closing vehicles, cargo vans that have been equipped with a signing desk and stools, and the command center, a renovated RV, have eliminated the need for buyers to travel in order to complete their home purchase.

“I am deeply honored to be recognized by New Hampshire Business Review with this award,” said Neuman. “I am grateful to the dedication of our employees and long-standing support of our clients and partners. My team and I are constantly looking for ways to revolutionize the title industry, and this award is a testament to our recent innovations to make the closing process more convenient and secure.”
